Don't forget to set your Roosters back this weekend

Financial Hardship?

The federal government shutdown may be affecting some of our families, and we want you to know that the Montana City School District is here to help. If your family is impacted, please check out the Free or Reduced- Price Lunch application online- it's quick and confidential.

If you need any other support for your child or family during this time, please reach out to your child's teacher, administrator or the school office. We're committed to making sure all of our students continue to learn and thrive, even during challenging times.

PAX leaders

MM-5th Grade

PAX stands for Peace, Productivity, Health and Happiness, and is a school-based universal set of strategies implemented in the elementary classrooms to help teach students self-regulation, self-control, and self management in the context of collaborating with others.

A PAX leader is a student who exemplifies being a capable, kind and successful learner-academically, as well as socially.

Throughout each quarter, classroom teachers and specialists identify students they feel have done an excellent job of displaying PAX leadership.
